VERBANIA, Villa Giulia 30 September - 8 October 2006

For the sixth year running the "Editoria e Giardini" Festival will be held in **Verbania**, on Lake Maggiore. It offers an important showcase for Italian and foreign publishers whose works focus on gardens and related subjects.

The pivotal event of the Festival is the **Market Fair for Italian and Foreign Publishing on the Garden**, which takes place in **Villa Giulia**. This year a special section will be dedicated to the **Lakeside Garden**, the focal theme of the 2006 edition.

Alongside the Market Fair there will be a series of initiatives, offering moments for further study, training or entertainment on garden-related themes:

- **book presentations**
- **gardening workshops**
- **pictorial cancellation stamp event**
- **guided tours to private gardens**
- **Prize for university theses on the garden "Verbania - Editoria e Giardini" 1st Edition**
